

Accommodation

University Programme

Summer School students have the option to obtain accommodation through the programme, at additional cost, or to find housing on their own.

Accommodation through Sciences Po

In 2017, the Summer School offered three official housing options:

- [Cité Internationale Universitaire de Paris \(CIUP\)](#) – Student Residence
- [Estudines République](#) – Student Residence
- [Comforts of Home](#) – Student Apartments

Similar housing options will be available in Summer 2018.

Alternative student accommodation

Students who do not wish to stay in Sciences Po housing may find alternative accommodation in Paris through subletting, holiday rentals or flat shares. Please consult our [Accommodation in Paris \(PDF, 183 Ko\)](#) guidelines for more information on alternate housing options.
