University Programme

2017 Summer School Applications

The Summer School is currently accepting applications for the 2017 University Programme.

If you would like to receive more information about the 2017 programme, [please subscribe to our newsletter](#).

Application Overview

Applying to the University Programme requires the successful completion of a selective application process. Applications must be submitted online via the [Sciences Po application platform](#). Once your application is complete, it will be submitted to the appropriate jury for consideration. The juries meet regularly and you should expect to hear the results of your application in three weeks or less.

The Summer School receives a great number of applications. We are therefore unable to provide individual feedback regarding unsuccessful candidacies. The juries take into account our candidates' academic backgrounds, grades, and demonstrated motivations when making their selections.

Application Processing Fee

A 20€ application fee must be paid upon submission of your application. Payment is only by credit card on the application tool.
