

Decision to set the 2023-2024 funding rates

The amount of the Erasmus+ grant varies each year according to the budget allocated to Sciences Po by the European Commission under the Erasmus+ programme and the number of people on mobility in Europe.

Depending on the budget available, beneficiaries may be partial recipients in order to allow all students on study or internship mobility to receive the Erasmus grant.

For the year 2023-2024, the amount paid corresponds to 60% of the actual duration of the mobility. Thus, for an actual mobility duration of 10 months, the grant paid amounts to 6 months of scholarship.

The monthly payment for the year 2022-2023 corresponds to

348€ for Group 1

292€ for Group 2

225€ for Group 3

A supplement of 150€ is paid for internship mobilities.

The Erasmus+ grant package varies according to the cost of living in the host country and the duration of the stay. The European Commission has classified the destination countries into three groups and defined the monthly ranges for each mobility category:

Group	Country	Monthly range for study periods	Monthly range for internships
Group 1	Denmark, Finland, Ireland, Iceland, Liechtenstein, Luxembourg, Norway and Sweden.	348€ to 674€/month	498€ to 824€/month
Group 2	Austria, Belgium, Cyprus, Germany, Greece, Italy, Malta, Netherlands, Portugal and Spain.	292€ to 606€/month	442€ to 756€/month
Group 3	Bulgaria, Croatia, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Macedonia, Poland, Romania, Slovakia, Slovenia, Serbia and Turkey.	225€ to 550€/month	375€ to 700€/month
