SciencesPo

Your new Student Account

Same address
and IDs

Access to your account hasn't changed:

- Same address: <https://scolarite.sciences-po.fr>
- Same ID: use your Student ID number (refer to your Science Po card) and the password you have been given

Student / Faculty account

User Connection

[Version Française](#)

Welcome,

To **sign-in for the first time**, please enter your ID number and the temporary password you were given (your ID number is **printed on your student or faculty card**). You will be redirected to a page requesting that you change your password. This password must be 8 to 20 characters long. It must contain at least one digit. Please note that your password is case sensitive. You will also have to enter a security question/answer that will come handy for authentication should you forget your password.

If needed, you may access the accessible version by clicking on [this link](#)

We recommend you use Chrome (starting version 34).

This service is also compatible with Internet Explorer (starting version 9), Firefox (starting version 29) and Safari starting version 6). Should you need to update your browser, please log on to the dedicated website: : Chrome, Firefox, Internet Explorer, Safari.
