

TUITION FEE EXEMPTION POLICY FOR DOCTORAL STUDENTS

Applicable for the start of the 2024-2025 academic year

Doctoral students D1 to D6 pay the tuition fees set nationally by the State, currently 391 euros, and the CVEC.

Under the new policy:

- a total exemption from tuition fees is granted for doctoral students, D1 to D3, benefiting from a doctoral contract (FNSP, IEP, MESR, and similar);
- a total exemption from tuition fees is granted for Teaching fellows benefiting from a FNSP doctoral contract;
- a total or partial exemption may be granted on social criteria to doctoral students, D1 to D6 (doctoral students outside the aforementioned dispositions), who make an individual request to the commission by filling out the online form. The N-1 income threshold for exemption is **25 200** euros gross per year. The criteria for determining the amount of the exemption are as follows:
 - A total or partial exemption is granted, after examination of their situation, to doctoral students with N-1 income below the ceiling of **25 200** euros gross **and** who are in a precarious situation for the current academic year (unemployment benefit, family assistance, personal savings, RSA, temporary contract, joint supervision (*cotutelle*), etc.).
 - Partial exemption may be granted, on an exceptional basis and after examination of their situation, to doctoral students who exceed the maximum resources set at **25 200** euros gross per year.

Please note:

- In the case of a joint tax declaration, the income taken into account is that of the household.
- In the case of a tax attachment of the doctoral student to a household, the income taken into account is that of the household of attachment.
- All doctoral students, whether exempt or not, must pay the CVEC.
