

SciencesPo

ADMINISTRATIVE INTAKE

2021-2022

Latest news

World health situation impacts

Sciences Po guarantees to adapt all the services you will find in this guide so that your academic year will start in the best conditions, whether you will start classes physically or remotely.

Our priority is to protect the health and welfare of all students. Our teams are committed to welcoming you while respecting the current health regulations and recommendations.

INTAKE ESSENTIALS

Administrative registration

Proceed with your **administrative registration** through your **online student account**, in accordance with **the registration calendar**. This will allow you to determine the amount of your **tuition fees**, choose your payment method and obtain your **student card**.

Are you a Crous scholarship holder?

You can proceed with your administrative registration as of now, allowing us to disburse your scholarship in September, if applicable.

CVEC

In order to complete your administrative registration, you will need to pay the Student Life and Campus Contribution (CVEC), of 92€ per year. All the students enrolled in higher education in France are required to pay the CVEC to the Crous, through the following website : <https://cvec.etudiant.gouv.fr/>

Scholarships & financial aid

Information concerning scholarships, bursaries and other financial aids are available by contacting **our dedicated team** and on **your student account**.

Housing

Consult our **housing offers** or post your own offer for renting or apartment sharing!

Sciences Po publishes more than 3800 housing offers every year. We also have **partnership agreements with public and private housing organisations**: feel free to contact the housing department or the campus staff to know more about these housing opportunities.

Our teams remain available to help you find accommodation, even if you will join our campuses after the beginning of classes.

How to find student housing? Sciences Po's housing offers website

Healthcare procedures

Depending on your situation, you will have to register with the **CPAM** of your local area. Our services are available to help you with this new procedure.

More information.

TAILOR-MADE SUPPORT

Non-academic student services

Take full advantage of our **Student Services**: you can receive guidance concerning the processing and renewal of your residence permit, the French healthcare system, opening a French bank account, housing opportunities, student jobs, information on public transport, student welfare...

And on the regional campuses?

Teams on the regional campuses can support you for the processing and renewal of your **residence permit and for your housing search**. The other services are centralised in Paris but our teams remain available to support you remotely.

Disability and accessibility

The Disability Support Service is here to make the necessary arrangements in regards to your needs and the teaching formats, facilitate communication between you and your teaching staff.

For any questions related to a temporary or permanent disability or disabling health condition, please contact the dedicated person, regardless of your campus.

Health centre

Dedicated to the health and welfare of all students, the Health Centre is here to inform and support you and to help you finding an adapted health professional, if needed. The Health centre provides with free consultations (infirmary, general practitioners, psychological support unit), with or without an appointment, on all campuses.

Wellness and stress management workshops are also organised on most campuses. You will be awarded 1 ECTS if you respect attendance.

First steps: Meet our team!

June-July 2021: pre-intake thematic workshops will take place remotely on housing, social security, scholarships, arrival in France or how to create your budget for your studies...

August-Sept 2021: *Meet the Services*
We are looking forward to welcoming you at the "Meet the Services", on the Paris campus, to answer all your questions about student services!
Dates and details on these events will be published on our web site soon.

Student ambassadors

At the beginning of classes, a team of Sciences Po students will be on hand in all main buildings located on campus to present our services, answer your questions and give you some hints on how to take full advantage of them. Feel free to ask them all your questions!

Student Health ambassadors

A group of student health ambassadors will help by conducting prevention events and will inform you on support solutions available in Sciences Po, remotely or on campus. They will present their actions through social networks.

New for 2021-22!

Starting from the 2021-22 academic year, a new centre for students services will welcome you at Sciences Po. Located at 13, rue de l'université, 1st floor, it will gathered most of students extra-curricular services.

INTAKE FOCUS:

HEALTH COVERAGE AND INSURANCES

HEALTH COVERAGE

French social security

Registration to the French social security is free for all students. The social security system reimburses 70% of doctor's bills and 30% or 65% of medicine costs.

How to register?

Depending on your situation, you may have to go through different administrative steps. Check your status [here](#).

What about the top-up insurance?

Registration with a student top-up insurance (mutuelle étudiante) is optional but strongly recommended. It ensures a better rate of reimbursement of your health care costs and will top up the share of the costs that the social security covers and even covers some costs that the social security does not cover.

You can only sign up for a student top-up insurance scheme (mutuelle étudiante) if you are registered with the French social security system.

Your insurances

You are granted an insurance package every year. This coverage includes liability, assistance and repatriation and it is offered by Sciences Po to all the students who have completed their registration process. You can download your insurance leaflets and certificates from your student account, "Administrative certificates" section.

What is civil liability?

Civil liability guarantees the payment of material or physical damages caused by the insured person to a third person. Damages may be caused by negligence, imprudence, by the insured person's children, pets or things he/she is responsible for.

Housing insurance

In France it is mandatory for tenants to take out multi-risk home insurance. An "assurance habitation" policy insures you for rental risks, fire, water damage, natural disasters and theft.

The lessor will ask for proof of insurance coverage when you take possession of the rental. Not having insurance coverage is grounds for immediate cancellation of your lease.

Are you going abroad?

Remember to check your health coverage needs, depending on your destination country! A top-up insurance may be useful or required. Your insurances are also valid abroad. Check the services offered abroad on the insurance leaflets, available in your student area.

CONTACTS & ADDRESSES
